

To do the 2019 Gumshoe, start from the Phinney Center, 6532 Phinney Ave N. Please note:

- The route involves crossing busy streets, negotiating uneven sidewalks and climbing hills, so **be careful!**
- All clues are visible from public thoroughfares, so please **don't trespass** on private property.
- After solving a clue, always resume walking in the **same direction** you were headed before you derived your answer—unless the next clue directs you otherwise.

- 1 **NFIB** Bridge from the Phinney Center to the steely water, then proceed past the Scandinavian's warning device to the llc. What's its voice? (N 47.6769°, W 122.3542°)
- 2 **Blinkweiser** Beyond infinity and misspelled finery, double cross to the meter cluster. Who is the ruler of playthings? (N 47.6759°, W 122.3546°)
- 3 **6** Skirt the rusty bed, over SWS, to where fine tops stop. With your bottom to it, walk away from the staring fireperson's friend to its yellow-capped sibling. Looking back, what's the quotient of the sum of both twin barriers' smaller rectangles divided by the sum of their larger ones? (N 47.6751°, W 122.3563°)
- 4 **Quail** A ways past the musically-inclined rabbit, at the dawg-colored arsonist's enemy, turn to head where it would be staring if it had googly eyes. At the uninhabitable avian abodes: seagull, flamingo or quail? (N 47. 6741°, W 122.3567°)
- 5 **Purple** Curve, cross and pivot to shoulder past the poled ivy. Beyond the smiling feline, where numerals representing multiples of 3 bookend a pair of 2's, what color do you get if you combine the primaries of the penny farthing's wheels? (N 47.6749°, W 122.3575°)
- 6 **1997** Basket on, past the old books' homes, to Armor's tiles. Cautiously cross, but short of the pupil, take the path of steepest descent to the sign of backward spots. Turn to follow the latticework to the allegedly frolicking dog. When was the neighborhood sign revised? (N 47.6764°, W 122.3585°)
- 7 **23** Spin past the whirligigs and menacing garage to where more is under the vowel-less sign. Diagonal from it to follow the shortest segment of stacked retainers to the catty artwork. If you have half the silver and white petals the artist displays, how many do you have? (N 47.6784°, W 122.3584°)
- 8 **Simpson** Where the tall barrier growing over the lifeless one corners, turn opposite the direction of its turn and go past the picketed structure to the slatted one. Who makes its ties? (N 47.6795°, W 122.3588°)
- 9 **161789** Pass under the limb-notched tree, tracking with the line of the lines through it, to the far edge of the yard toupe. Where town is only half the story, what's the tiny box number? (N 47.6795°, W 122.3602°)
- 10 **Sears** At the next intersection, first cross to the green water source, then very carefully repeat the maneuver to follow the planted brick to the corner house's mailbox. Who made the gate? (N 47.6798°, W 122.3614°)
- 11 **Artist** When you reach the intersection beyond Tarter's container, counterclockwise from noon to three hours earlier to follow the twin feeder trees' line to the elevated rim. What does a stand for? (N 47.6807°, W 122.3623°)
- 12 **General** Immediately past the first 5, go the way v is to the same number on its backside until you come to the flagged black repository. What is the military rank of its approver? (N 47.6798°, W 122.3626°)

- 13 **Houses** Near the stacked yellow diamonds, without leaving the sidewalk, redirect your forward motion to follow a path that avoids closer proximity to them and takes you to the rowed blue ones. Yellow feeders, houses or baths? (N 47.6796°, W 122.3631°)
- 14 **Olive** Where banned Ps closely flank the aligned crossroad, transverse to just short of the second P, then transverse again to the lounge. To what fruit does its name pay homage? (N 47.6795°, W 122.3646°)
- 15 **vivint** Continue, without retracing steps, in the same direction as your last transversal, past the signs of local watering holes and oversized golf balls, to the pink pair. Who protects their home? (N 47.6782°, W 122.3646°)
- 16 **Blue** At the next isle, cross and turn to follow the closest verdant treeline to the corner opposite the queen. Pause, then resume locomotion in the direction her name is to the place. When you get to the sheltered reading material, look around. What color was combined with that of the wreath to get that of its door? (N 47.6767°, W 122.3655°)
- 17 **Laundry** Beyond the dogged sentinel, where crossing options present themselves, opt out. Instead, take the rodent's route to Neil Armstrong's territory. What gets done here? (N 47.6761°, W 122.3647°)
- 18 **Turtle** After passing under one letter short of a Marx brother, corner with the stone facade past both butts to the plated bed. What kind of shell? (N 47.6764°, W 122.3636°)
- 19 **Frog** Wheel well past the bath and ducked gutter to the island-stranded trees, then continue on the same course, past the roostered porch to the bird-topped vessel. What dances above it? (N 47.6790°, W 122.3636°)
- 20 **2017** When you intersect your previous path, backtrack along it, past 13's rowed diamonds to the corner where you saw its stacked ones. Diagonal to traject past the columnar growth to the cornered pole. When did Osmose last inspect? (N 47.6795°, W 122.3616°)
- 21  Follow the nearest wall in the direction you've not been, past the piggybacking amphibians all the way to the rimless backboard. Draw the red-backed symbol. (N 47.6779°, W 122.3616°)
- 22 **1/2** At 401, change direction to take the alternative gravity-assisted path to where you can change direction again. Position yourself under power to descend with its lines to the fake palm (not news) waving from across the way. In increments of a dozen, how many birds roost below the deck railing? (N 47.6766°, W 122.3626°)
- 23 **1928** When the tatted flapper beckons, follow the nearest stripes across and crow your way to the head cup. Since when was Ballard served? (N 47.6759°, W 122.3622°)
- 24 **Awesome** Climb to the sign of every direction, then get yourself to the stringed corner. Ascend the steepest grade to the glassed object with the potential to come unhinged. According to the welcoming sign behind it, what word describes the occupants? (N 47.6761°, W 122.3602°)
- 25 **Equinox** Beyond signs of tenant privilege, where the bulwark dwindles to nothing, turn to tunnel through the foliage, leaving 6s in your wake. Past the boardwalk and proximate to the marbled bench, what spring thing do the yarned limbs celebrate? (N 47.6777°, W 122.3596°)
- 26 **Feline** Turn to the banded concrete and take the huffing and puffing way to the sign containing Italian love. Forty-five across, continue your band-to-love direction to the school bus and look for the ridgecycles. Behind the driven one's operator: porcine, canine or feline? (N 47.6778°, W 122.3579°)
- 27 **Cat** Corner with the next picket line and keep going. Where tiled butterflies lie, cross to the one-eyed dog bathroom by the arbor and resume your previous direction of travel. Within spitting distance of Brinks, what keeps vigil over the community? (N 47.6792°, W 122.3574°)
- 28 **I toast** Navigate the upheavals to the corner, then navigate more. At the bell houser, anagram what the institute studies to create a personalized declarative sentence regarding browned bread. (N 47.6795°, W 122.3562°)
- 29 **\$6** Pass 30s until the bone is in sight across the way, then turn past the 5s and follow the frisbeesque fixtures all the way to the streetside menu. What's the cost at 11:30 on a Saturday night of the house cocktail you'd most expect to find here? (N 47.6781°, W 122.3555°)
- 30 **Film** Take the lighted way to and through the towered park, and down its paver path. Find Miller. What medium does his camera use? (N 47.6774°, W 122.3537°)

Yer dun!
